

Hello folks!!

Facebook Connect is (finally) working!

For users with already an account, after logging in with facebook, you have the opportunity to link the accounts, the one you already have here and the FB account.

For users registering new on the site, if you have FB, just login with it and make things simple for you!

Keep in mind, There is no way for us to find your FB password, the login and profile are pushed from FB to us and not the other way around. Your information is protected by FB itself.

Have fun folks!
