

My css weapon skins!

Posted by Liquid Snake - 15 Jul 2011 21:23

well some people asked what weapon skins i used for css so here it is 🤔

Enjoy watching it

P.S : for some reason the vid text is a tad off when it comes to timing isnt to big of a deal though also all the links are in the vid description if you wonder where to get the skins 🤔

You have like 50% the skins I had and the other 50% I had better 🤔
But playing oldschool again. But I think I still got some folders around somewhere 🤔
