

A game type that I miss from Counter Strike 1

Posted by VooDoo - 16 Jul 2011 21:12

Well, I used to love the game type VIP on Counter Strike 1 and well, I really miss it, it was one of the BEST game types around, but I found this a few mins ago and it looks fun XD

Does anyone remember this or am I just a counterstrike fag XD?

Anyway, whatever the weather I still used to enjoy playing it 😊

Thanks
