i think one skill of &quot;die xonvert&quot; the 23th race doesnt work 😊

the skill is called &quot;blood lust&quot;, and u get a percentage back of the dmg you do back as health

buuuuuut, and here's the problem, you dont get anything back 😊

i have max skilled it, but even if i do headshots i get no health...or is the percentage so low..purhaps under 1 😊

it would be nice if u can fix the problem 😊
