They shouldnt require any levels thh 🙄  
If you give levels then others will donate because they know they get say 200 free levels and special races 🙄

Yea lol, donator races shouldn't require levels, I suggested it a the Teamspeak meeting thing but someone disagreed for one reason or another, to me it makes more sense, if I payed for something i would want access to it straight away not to wait a few days/weeks to level to it 🙄

Anyway, my opinion..

Agreed but 400 levels aint a massive amount of levels 🤔  
so if the highest one was 400 then after you have played the first load of races you will have enough levels to play the others
