

Gungame Deathmatch server down....

Posted by S2K Sp!ke - 27 Sep 2011 08:43

Hi guys i don't know if you are aware that the server is down, it has been for about 5 days or so i think.....

Has it changed IP or have you guys shut it down..... please tell me its coming back online, it is the best GG server around!

Cheers, Sp!ke....

Yeah, Valve updates always fcuk things up i lost all my rates and settings ffs....

In the end its why we shut our server down, hope you guys are more dedicated than we were!

yeah m8 they always playing about with shitty updates that make the game worse imo , yeah we will deffo get it bac up , just waiting for someone with a lot more know how than me 🙄

strange how are wcs and surf aint affected .

Yo

been trying to get the message to someone for days on the server down
, first attempts to get on the forum failed

hope the server comes back soon
, finger finger getting twitchy

Cheers

Yo

new steam update screwed up connects, and now after deleteing my bin dir under steam, the

deathmatch server is now showing that its running an old version

any idea when the server will be updated

Cheers

Shoot Me

Not many play the server that only after about 5 days of it being down someone actually reports 🙄

Welcome to the forum shootme 😊
