

## Deathmatch Server Down

Posted by Shootme - 20 Oct 2011 16:08

---

Yo

is anyone working on getting this back up

or

is it dead and buried

Cheers

i think he means the ggdm.

and im not sure but im pretty sure it aint dead 😊

---

I think it was because of the recent update 😊  
I think it will be back up at some point

---

Cheers Guys

the server is 81.19.209.200:27050, [www.twkgaming.com/hlstats/hlstats.php?game=gg](http://www.twkgaming.com/hlstats/hlstats.php?game=gg)

and yes died when the updates was put on, so no one could join as it was now running an older version...GO Valve.....and I believe the regulars dont have firum access

Cheers
