I shall add him to source bans if everyone is okay with that then? And the stats also say that he is hacking 🍷

166-33 is an 5.03 K/D, which we believe to be impossible unless he is master ubber gamer and an effin lucker.

Anyway, just for he's name, permaban.

it was the amount of headshots 134 81% that was unbelievable as well 🤔

Cheers

ShootMe

BTW i seem to have lost my access to sourcebans, I did have access but cant seem to login anymore, but i might be missing something, like different login id or password

Try using the forgot password thing and see if that lets you reset it 🤔
If not then we shall go to the almighty Com.
