TWKgaming.com - TWKgaming.com Generated: 16 September, 2025, 09:11 Frag limit Posted by DreamState - 28 Jul 2008 21:24 I've reduced the fraglimit to win a map to 50 - 80 just seems too much for most maps. I altered the map vote to allow three extensions of the frag limit (by 10 each time) to 80. ______ Re:Frag limit Posted by DreamState - 28 Jul 2008 23:12 Played with this set lower tonight and it seems to keep things moving a little more. Some maps might need to be reduced a little further (blackhawkdown). Re:Frag limit Posted by Luckie - 29 Jul 2008 00:19 quite like reduced frag limit but i think it's reduced too much, how about 60 kills instead?
