Hey guys as you can tell by my subject i wasnt to sure about this guy, i have made a recording again of him and i have got his steam id, i will send the video to substick i guess when he is online because i cant attach it -.-.

Personally i think he might be wall hacking and/or no recoil on his weapon

If your wondering why i had to play myself this was because he stopped at the start when i said 'brb going for a piss'

Obviously i could be wrong, but thats why i have put it here. Thanks.
