Hacker on the WCS server

Posted by tcrumpen - 14 Nov 2010 18:44

_____

me and a few others (including Reaper) realised someone was Aimbotting on teh wcs sercer, i have proof, i recorded a demo

i tried tomupload it but i got a message saying "The extension dem is not allowed" if oneone wants the demo i will send it to them, by email if it's easier

_____

www.twkgaming.com/sbans/" onclick="window.open(this.href);return false;

You should be able to submit a demo on the link above and the information we need to then enact a ban.

Many thanks for taking the time to demo 🙂
