Annnnd the server is once again plagued by the same bugs, everyone speedin about in the air as errors... unkillable.

Something seems to be seriously fubared with the server. 🍷

Wow, that error's still going. It seems like ages since it last happened (even though I haven't been on in a while). Still, it started a long time ago and still going :/ not good

Thanks Colin 😊

that fixed it but I think it is inevitably going to happen again D: Also if it persists I think we need to lock the server for a while and just try and fix it.
