Thank you for the heads up.

A steam update has likely rendered the weapons restriction plugin broken.

I will do my best to look at it ASAP but have a very busy night atm. It might have to wait until tomorrow.

There doesn't seem to be any updates to the weapon restriction plugin - I'll need to catch Pooky to work out what's happened.

Succubus hunter ultimate doesn't give you any low grav anymore + knife skill doesn't actually apply the bonus dmg.

Flame predator doesn't have low gravity either
