

RPG MODE

Posted by Galli - 13 Aug 2008 13:49

Hey all....

Wanna start this thread by saying i enjoy the rpg mode and it seems to get people to return to server....

wich is great!!!!

But... the aiming part is gone...

Those who are high levels know that there no aiming left except maybe with awp....

otherwise its just about spray and pray.. more or less..

What ur opinion...

put down some PRO's and CON's:blink: :blink:

cheers Tha Real Galli
