

Lag On Server?

Posted by Risky_Pwnz - 29 Jun 2009 15:13

Its 29 june and every one seems to be experiancing a lot of lag on the server are the admins doing any thing to the server to create this lag or is it just a player lagging the whole system|?? 🤔

Risky, copy and paste this code ...

[url=http://www.twkgaming.com/hlstats/hlstats.php?mode=playerinfo&player=19264][img]http://www.twkgaming.com/hlstats/sig.php?player_id=19264&background=11[/img]][/url]

Into your signature.

Click just at the top of the forums (under the main menu) on 'User Control Panel'

Click 'Profile', then 'Edit signature'.

Next, under 'Board preferences' -> 'Edit posting defaults'

Make sure 'Attach my signature by default:' is set to 'Yes'.
