laser light show doesnt spawn enemy, thats lightbender. laser light show has the invisible ultimate. But it's nice.

lol he has and on normal source to boot, although most older members (specialy clan) probly have had at one point or another anyhow.

not got screenies but my best (over a year ago now) was going towards the 200 mark, non-DM with around 60 deaths i think. was not on our servers though 😊
