

Need Testers and DS

Posted by MadActKiller - 22 Apr 2010 23:08

Hi i'm mad i've been playing twk for a few weeks and just recently i've got into mapping. I have already made level 1 and 2 of my map and need map testers and also a test server if possible. I have only ask TWK members for this so far so feel special 🥰

My current testers are:

Lee.h

Hardcore

I would like 3 more surfers of any skill level, I will take up to 10 but after that I wont have a wall big enough for your names hahaha.

I would also like to ask DS if he could contact me on steam for a quick chat about mapping and so fourth, would be great.

You can reach me on MadActKiller for steam or Xfire (Xfire hardly on) I will accept all request just remember to tell me your up for map testing.

Thanks For your time TWK and friends

Mad
