Hi there!

I am MEGATRON who made the request!!

It feels so good to finally be on a WCS server that speaks English but to my tragic dismay, no MHA race was there ;O

It appears people don't like it, but it is my favourite race and if you are able to put it on, i will be a perm. member - i even signed up here so i do hope you will put it up if its not too difficult.

how can you all dislike it!?!?! only because you havent seen me use it ;P

no delay on Teleport power... get ready >;P

I think it's greatly OP, on another server (b.TWK) and all the Master races are greatly OP. Orcish Horde does extreme dmg; Undead runs extremely fast etc...

IMO There are other races that we already have that should suffice the lack of the Master races 🤔

But Welcome to TWK Megatron! 🤔

I remember it being on the server about 3 years ago and tbh it was pretty much just another 4 starting races that did a tiny bit more damage etc 🤔  
so i do if it would make a difference but there is no harm in putting it on 🤔

Honestly, I don't think it is an unfair race!

I think you may find people uninterested in its presence... thats the only problem... it would really mean a lot to me ;/ I love the teleport feature...

If it is a hard race to unlock that may allay your fears... BUT the master orcish is so powerful i agree...

MHA is not like that.

i hope you'll reconsider.. i was hoping it would be put up cus that would keep me on the server forever!!!

is there a vote feature?

If you have unlocked all races and played them and still dont like what you got, you can request it.
