This request has been brought up before, about getting the master races back, and basically what pooky said was that they were too OP and he removed them because of alot of ppl complaining.

Kinda funny you just want master human for no cooldown on teleport while you havent even played all races on our server ( [chifilly.co.cc/games/css/twk/wcs/racebank/index.php](http://chifilly.co.cc/games/css/twk/wcs/racebank/index.php) ) + you won't be able to play master human from the start as it would be a higher lvl race anyway.

Woo, linking to my race bank. Forgot about that 🤔

Anyway, I agree that the master races are quite overpowered, so it's a good idea they're not added

I love the teleport feature...

MEGATRON, if you like the race you will probably like the race "confederate"; it comes with long-jump, screen shake, extra health and teleport (with a 3 second cool-down) which for me in my opinion is one of the best races. I also like the teleport features but having 0second cool-down sound a bad idea, anyway, 3 seconds isn't that bad 😊
