

Constant Abuse and Disciplinary Action

Part I;

Just had yet another smashing game of |"Move out!" *Ward* *Grenade*| on anti_camper. Can't seem to find an admin about, so i'll post this here.

#	userid	name	uniqueid	connected	ping	loss	state
#	12	"Jokez"	STEAM_0:1:6513644	35:00	104	0	active
#	13	"Darkangel64"	STEAM_0:1:39858051	34:37	91	0	active
#	23	"PowerPiranha"	STEAM_0:1:40766633	15:10	75	0	active
#	6	"xXBodyKillXx"	STEAM_0:1:22373666	35:22	145	1	active
#	7	"Xi."	STEAM_0:1:3592754	35:21	49	0	active
#	26	"Guardians_of_Hell(s)"	STEAM_0:0:33430676	06:47	89	0	active
#	10	"Zx-MaGiKOxi[i]"	STEAM_0:1:20374859	35:18	103	0	active
#	11	"X_DaRk\$!deR\$-x^^=)123 no sound"	STEAM_0:1:33303679	35:11	98	0	active

Believe it or not, all the **Bold** out players RUINED the game, they emptied half the bloody server. Something seriously needs to be done about this, because it's happening too often and everyone ends up raging at me to sort it out. - Which leads me on to..

Part II;

I would like to request (**REQUEST**, i'm fully aware my chances are slim) that i become a temporary basic admin for wcs, even if it's just being able to use the admin chat to strike fear into the minds of CONSTANT RULE BREAKERS.

Everyone keeps looking to me for assistance, but in this scenario, i'm just like them. If you're not a fan of this idea, then i'll move you on to the outstandingly concluded Part 3.

Part III;

I am willing to look through every race, every map and every grain of sand, to find out what races should be restricted on what maps. A few small examples would be;

1. Shadow Hunter should be restriced on Anti_Camper/Aim_Deagle etc due to the maps size.
2. Race restrictions on maps such as Bill Gates, on Scoutknifez/Aim_Deagle

Hope you all give this a good read through, and i hope i can help make wcs the best it's ever been.

LOTS AND LOTS OF LOVE FROM DOM ;D

agree with darkangel.

he should be banned, i told you in steam substick, but you didnt answere 🙄

there is no argument why we shouldnt ban him:

-he's using wards on spawn

-speaks a strange language

-ignores warnings, pleases, etc.

as far as i know react or tunes (i guess) , is waiting for a new wcsupdate, because the wep restriction is caused by the wcsupdate

Look at the ban list, perhaps tomorrow when I log on and I see (not possibly see) him doing it I will ban him again.

Well I didn't get any evidence either, but when I was on the other day he was doing it too. He made me rage quit, which I promised myself I wouldn't do 🙄
