Sending the demo doesn't work. It gives me an internal server error

**Warning: Spoiler!**

Internal Server Error  
The server encountered an internal error or misconfiguration and was unable to complete your request.  
Please contact the server administrator, [This e-mail address is being protected from spambots. You need JavaScript enabled to view it](mailto:) and inform them of the time the error occurred, and anything you might have done that may have caused the error.  
More information about this error may be available in the server error log.

I came online in de dust extended. They said what he had done but i had no proof, alsoooky was there and we both got all the info. Together we decided due to lack of evidence to not ban/kick.

Now we got some videos and i will watch them right away.<br /> <br /><br /> <br />edit: I don't think i can see the server logs, thats something for the main admins.<br /> <br />edit2: on the cisciii.dem file i only can see him doing it once ( that's still against the rules ofc)<br /> <br /> Watching the other 2 ciscii vids now<br /> <br />edit3: The serpentwards demo is a nice one, i think he deserves some kind of punishment now. serpent wards in opponent team spawn + in scoutknifez.<br /> <br />edit4: blocking the bomb like that is also against the rules. I think it looks a bit clear now what's gonna happen. (vid from hupa)</font><br /><font size=-3><br />

I guess you can't really see it's genesis doing it but at least it shows what you can do with a legoman. I don't know why I made it so short. </font><br /><font size=-3><br />
