Legoman

This race is so abusable that it's not funny. Sixture(or something) and that genesis guy (mentoz knows) was abusing it the other day by going into a small room and closing every entrance so no one could get to them. We kicked the genesis guy out couple of times but he still didn't stop. And it can be used to block the bomb spot too like the genesis guy tried. I have a like 5 second demo of him doing it. With status if you want it.

When mentoz logged on we(at least 4 people) told him what had happened, he didn't do anything even though he said everything genesis did was against the rules. I HOPE it was due to the lack of evidence, not because genesis was licking his behind (server admin can check the logs of what happened).

I guess this turned out to be a rant over mentoz, sixture and genesis. But it would be just easier to remove this race to prevent future abusals.

regards,

pöhnähupa

PS. I know the genesis is a clan. I don't intend to make the name bad and one rotten tomato doesn't.... I just cant remember the guy's name.. it started with a C.. ciciiciii something

PSS. Had to check the name not to give genesis bad fame. Its " 'Genesis/CiSCii ". Blame him!

I came online in de dust extended. They said what he had done but i had no proof, also pooky was there and we both got all the info. Togheter we decided due to lack of evidence to not ban/kick. Now we got some videos and i will watch them right away.

edit: I don't think i can see the server logs, thats something for the main admins.

edit2: on the cisciii.dem file i only can see him doing it once (that's still against the rules ofc)

    Watching the other 2 ciscii vids now

edit3: The serpentwards demo is a nice one, i think he deserves some kind of punishment now. serpent wards in opponent team spawn + in scoutknivez.

edit4: blocking the bomb like that is also against the rules. I think it looks a bit clear now what's gonna happen. (vid from hupa)

that's my couple of seconds demo. I guess you can't really see it's genesis doing it but at least it shows what you can do with a legoman. I don't know why I made it so short. 😕
