

## Im sick of it.

I'm really, really sick of all the knife races.

They ruin every map.

They ruin scoutknifez3.

and at some point, 70-80% of the enemy team has been knife races.

It's really bugging me out.

In short, I'm hating the knife races. I'm sure some other people are too doubt you'll do anything. just saying.

Oh jeez...

Tonight i'll look into all the demo's you've send blaze (including my message inbox lolz ).

The best solution for these problems in my eyes is to recode the maps themselves, by restricting the wrong guns from the maps. Since i can't script maps ( haven't got the right material ), i will try to solve it in a diff way. Restrict races for the maps where they could exploited. I've done this for several races / maps already, but clearly haven't done enough...

Thanks for the report, and stick with us, we're doing the best we can!

I chose this topic because I'm sick of this [www.megaupload.com/?d=FE8R24ZL](http://www.megaupload.com/?d=FE8R24ZL) and this [www.megaupload.com/?d=4S7PK05Q](http://www.megaupload.com/?d=4S7PK05Q)

NyyyTRO kill me and 2 more players with m4a1 and I start demo, on nextmap(scoutknifez) I say him to type motd and read the rules, he changed race to shadow hunter and use serpent wards I say him one more time type motd and read, he tell me idiot and more... I hate kid's who do more shit.

And one more, I'm stay on spectate to upload demos and I push alt tab I see jaka use deagle and more ppl say him don't use it. jaka play ~1 month ago on server... [www.megaupload.com/?d=M5OJ239F](http://www.megaupload.com/?d=M5OJ239F)

EDIT: Dragonfire use more grenade with orc(critical grenades) [www.megaupload.com/?d=H6RTVKKL](http://www.megaupload.com/?d=H6RTVKKL)

they already were playing when me and pooky were online. They know the rules but it looks like when admins are gone they just do what they want.

I know Nytroo and his friends quite well, but facts are facts.

I've had the feedback from players, that our server(s) have too many rules. That they have no freedom etc.

Keep in mind that those rules are more than reasonable and were set up to prevent server/map/race exploitation inevitably followed by irritation ( oh that ryms ! ).

We've got the rules set up, they can be read on this site & on the server Message of the Day, the next step is to act on those who ignore them.

Yeah it's not about there being too many rules, its about the arrogance of the players who think they only have to obey those rules when an admin is present. I think if a conclusive demo is provided, known regulars should be punished for disobeying rules. For example, i know nytro has been playing on wcs for over a year, there is now way he doesnt know the rules.

Also, thanks a lot blaze not a lot of players would have the patience to demo people breaking rules (:

I record her for we'll have a good playtime on server because when I get be banned from server for using serpent wards, was because another player use deagle and he goes to make myself crazy. This is the cause for what I make demo. And I see many people who do it but I don't make everytime demo because they stop it.

I don't think there are too many rules. In fact, a lot of the time, I don't have a particularly good time on the server because of people abusing the rules/races. I try telling people. but nobody ever listens, do they?

For some reason this made me think of lord of the flies. Without an authoritative figure of some sorts all means order diminishes.
