

## Im sick of it.

I'm really, really sick of all the knife races.

They ruin every map.

They ruin scoutknifez3.

and at some point, 70-80% of the enemy team has been knife races.

It's really bugging me out.

In short, I'm hating the knife races. I'm sure some other people are too doubt you'll do anything. just saying.

And it's not only about that. You just don't have any chance against people who paralyze you. As it is, it's way overpowered class. People who usually struggle to kill me, now kill me without breaking a sweat. I'm sure people who have that class are happy with it, but it really takes the fun out of the game when you can't even turn or shoot back when they've hit you. I haven't had any problems with the other races I've played against and I started like a month ago.

Oh and by the way.. Who's "Art of War"? He started accusing me of having a "higher rate of fire" or some such and getting my levels erased if I get busted. I wouldn't have expected that kind of talk from a twk admin as you've always been very kind and mature.

Hey, thanks for posting this. Do you have any evidence of this?

No, sorry I don't. But Pooky is the server admin (if I've gathered it correctly), he should be able to see the logs. Search for 'rate of fire'.

I have this. It's not against anything an admin should do, but still... Somehow he just doesn't seem to live up to your standards. This is on my homepage so I'll be pulling it down in a couple of days (as of january 12th).

I suppose the feedback isn't welcome. I'll be keeping it to myself from now on.
