

Twk server link

Posted by Grim4118 - 02 Feb 2011 19:31

On another collection of servers i played on, you could type !servers and a list of servers owned by that site would appear and you could quickly and easily join another server. Could that be applied here?

Twk used to have that one running, but suppose it went down after Valve OB update.

We"ll look into it (DreamState *Cough*) , cheers for reminding us 😊
