

Happy hour

hello,

I was wondering if it's possible to have like double xp on the wcs server on some time of the day.

When there aren't as many people online like in the evenings to attract more players.

I didn't mean skipping their RL for it, oops. I just meant seeking out those whom don't go to work or school on those days, and shifting them from 1 server to ours.

WoW made me skip work a few times, it's evil. ☹☹
