You'll probably think this is silly, but on the sub-catagory you spelt "Suggestions" wrong, and every time I see it I die a little inside (yes i'm a spelling and grammar whore 😏 because I'm a bit OCD like that)

Would be awesome if you could add the extra G 😏

Noes! I'd rather it be spelled with an extra G instead of 1 less. I think suggesting to add an extra G is better 😏
