I know we try to keep this 'area' friendly but Jagger Juinor or what ever he goes by,

is there any chance to maybe ban him, no i joke but maybe a heads up to admins to keep a close eye on him? as he knows the server rules clearly but when there is no server admin on, he will break them, Yes i DONT have prove but i didnt relise he was going to swear when he did and it was on mic so u cant check chat logg which is a bummer, Also i use legoman race and as a joke i try to build a house and jagger is none stop following me and jumping on me, just annoying me.

He also doesnt talk on the mic he screams and no affence well actually i dont care if this offends him he sounds like hes 10 maybe 11 and it hurts my ears, It would be understandable if he didnt have a crappy £1 mic from somewhere like Tesco, So to mix it up he has a 10year olds voice with bad quality,

So in a nut shell, Admins keep a close eye on him please because when he slips up we have a fair reason to punish him,

~My rant done~

no.. if you tell him to be quiet he is..for a few seconds !

btw, i dont think he is allowed to play this game, cuz he sounds like 12 or whatever

☹

and i think its very unfair to ban or kick people, who swear a little bit or flame, and let someone still play, who ignores warnings, votemutes, etc and shouts in his mic. (this is more annyong and disturbing, than for example a short &quot;fuck&quot;;, i dunno)

☹

One thing we have to understand is that he is 12, he is probably immature and thinks talking on a mic makes him sound more grown up and cooler. Also it ain't our choice if he should be playing the game, it is his and his parents. Yes if he continues spamming and doesn't be quiet when we tell him and mute him then we should give him a short ban to get the message across. The other thing is that he is trying to have fun by using his mic, when you kill him he will say something like aww dam you jokingly and yes he will occasionally say awww fuck you, jokingly again which we will tell him to not swear if we hear that.

And like what has already been mentioned, mute him through the menu's and have fun 🤔

Also stay nice and you may receive some 🍷

Well xciting that's what should be happening. I am too lenient with it tbh 🤔 and if they are insulting people I will kick and if they join back I will tell them why they are kicked 🤔

I usually mute Jagger if he talks too much. There's only so much people can put up with. People even ask him to be quiet...

I ask him to be quite and he is for maybe a round,, then hes off screaming again, Who ever says mute him.. Muteing him isnt going to stop him blocking me in a coner or jumping on my head now is it 🙄

Guys lets be serious now.... You will find kids playing this game, you will get peoples mic's screeching, you will find people that in general will just wind you up the wrong way, and who purposely make it their quest to ake your life hell. Its how you deal with it that defines you, and shows your maturity.

In Jaggers case, he usually "calms" down if i ask him to, and if not I deal with accordingly. Being admin I do need to keep his mic active to ensure he isnt offending anyone. Its also unfair to constantly mute him using admin when he joins as he, at the end of the day just wants to play and have fun like everyone else. You as an individual have the power yourself to mute him in the playlist... I suggest you make use of this if it is really such a problem.

Not to mention as members of the community we lead by example, if you act like a fool in game... people are not going to respect you and will treat you accordingly. Which is another reason to portray yourself as best you can and follow "all" our rules set by the all mighty owners of our beloved servers and community. Which to be honest is pretty much common sense! Being a member does "not" mean you are allowed to bend/break the rules we have in place and will also result in punishment if found. (which you will be, we have eyes and ears everywhere!!!)

Anyway, im done for the moment. Just be good people!!! Its not that hard eh ;)at the end of the day... people just want to have fun so why make it difficult.

When i do see him on and yes his mic is annoying but i always tell him to calm down a lil and hes ine he does hes just happy to play. I never had many problems with him yes he sed fuck jokingly on the odd occasion but who dosent and yes i have sed to people not to swear point blank even in joke cause some people dont take things as a joke and think its fair that people do not swear at all. I have had people saying oh why did i get slayed for swearing but this person didnt,then they sed oh it was all in joke however the person that got slayed still didnt think it was fair and i dont either. I try to tell people not to swear point blank in joke or not. However i also do understand that people might do it on accident even if there mic is push to talk.

I have seen that there still are a few moment on the server were people do flame a lil and swear but i have seen a big improvement and i have even had people messaging me to say a big thanks to all the admins cause people are starting to like playing on the server again 🍻

so well done guys...still got some immature brats though 🍻

A little off topic here, but along the lines

I personally think we should allow swearing in our servers. The game is 12+, meaning anyone that plays should be old enough to hear and say a swear word. I mean, no one takes offence about these things, except maybe a kid's mum, and to be honest, they're not going to blame the server, they probably don't even know what a server is! And the likely hood of someone being young enough for that to happen is small, and the likely-hood of someone actually being offended by it is about 1/1000000. Unless we got some super Christian... but why would a super Christian (or someone similarly minded) play a shoot em' up?

TTP: ALLOW SWEARING FOR FCUK'S SAKE. (I'm very fond of the glasses company Fcuk, problem?)
