I know we try to keep this 'area' friendly but Jagger Juinor or what ever he goes by,

is there any chance to maybe ban him, no i joke but maybe a heads up to admins to keep a close eye on him? as he knows the server rules clearly but when there is no server admin on, he will break them, Yes i DONT have prove but i didnt relise he was going to swear when he did and it was on mic so u cant check chat logg which is a bummer, Also i use legoman race and as a joke i try to build a house and jagger is none stop following me and jumping on me, just annoying me.

He also doesnt talk on the mic he screams and no affence well actually i dont care if this offends him he sounds like hes 10 maybe 11 and it hurts my ears, It would be understandable if he didnt have a crappy £1 mic from somewhere like Tesco, So to mix it up he has a 10year olds voice with bad quality,

So in a nut shell, Admins keep a close eye on him please because when he slips up we have a fair reason to punish him,

~My rant done~

A little off topic here, but along the lines

I personally think we should allow swearing in our servers. The game is 12+, meaning anyone that plays should be old enough to hear and say a swear word. I mean, no one takes offence about these things, except maybe a kid's mum, and to be honest, they're not going to blame the server, they probably don't even know what a server is! And the likely hood of someone being young enough for that to happen is small, and the likely-hood of someone actually being offended by it is about 1/1000000. Unless we got some super Christian... but why would a super Christian (or someone similarly minded) play a shoot em' up?

TTP: ALLOW SWEARING FOR FCUK'S SAKE. (I'm very fond of the glasses company Fcuk, problem?)

Nom nom nom, ill eat you Peanut 🐸

&quot;awww fuck you&quot;; in a joking way to more direct insults

I kind of agree with that too, but that's because i'm prone to swearing too

And also i'm sure CSS is 16+

yes i do agree with that everyone swears but allowing people to swear some people will take offence to it even if its not ment in that way to be honest alot of people have sed they dont like it and belive me alot of people have taken it the wrong way and to prevent this from happeneing just no swearing! since people have sed that they enjoy it more now! so its hard to decided what to do really 😊

But hay ho most of the players like then environment it is now so i reckon we shoudl just carry on the way we have been told 😊

Yeah, I agree no swearing is the way to go, but it's bound to come out at some point, it's unavoidable really (well at least in my eyes it is). I actually have no idea where this reply was going, so I'll end it there

i don't mind a little swearing , only problem is when someone swears others follow , then it gets worse until it gets out of control .

ie flaming.
