gg_egypt - www.fpsbanana.com/maps/25644

gg_punishment_nvidia (seeing as the original is brill, diff is I think there might be glass in the windows for those who like to ask for knife and then kamikazi 🤪
// www.fpsbanana.com/maps/27131 ", > ht... anana.com/maps/27131

gg_snowy_day - www.fpsbanana.com/maps/37003

Added Egypt and Punishment to the rotation.

The others seemed real "bare" of cover and not sure they would work ok in GG DM.
