surf_dk_texture_2 -- Remove it, its pants! And the players think that too.

surf_4fun_reloaded -- Small but lives up to its name, fun!

Surf_Bazoo_Remix -- Good too.

I'll have a look at them before you do. Wanna see how bad this map really is 😊

Then I'll go look at some more servers for maps to try out, don't want server becoming a 4 map loop that people always choose now do we 😊

EDIT: Is that map even surfable? I get to the elevator and either fall through the water to jail or get flung into air by elevator, only to fall on it and die 😊
