so you found each other in the heat of battle 🤔
did your eyes meet across a hallway of dead bodies? did you gaze longingly as he strode into battle with nothing but a pair of trousers and a shotgun? or perhaps you huddled in a corner together praying to moses? (he took over, revolution of 79)

It was a dark rainy night...

I saw a guy in the shadows with a gun... that wasnt kaotik and the guy was dead.

Then i got a friend request from a random guy, i accepted it.

Then.. A FUCKING SNIPER WITH A TINY D*** STUCK IN HIS AS* KILLED ME!!

Then we wont the match, After an hour i got a massage from that guy...

He told me its kaotik then i saw a scary man in my room then i realized it was the mirror 🤔

And then i came and posted this on the forum:

I downloaded it a few days ago, every time i try to run it, it takes me to their site on the battlefield 3 control panel thing, i hit "connect to game" and it just says "matchmaking" for hours...

anyone know whats happening or what not?
