Was just looking at this website.

www.sc2ranks.com onclick=">window.open(this.href);return false;

We can create a custom division for our community and it will rank us in order of points and stuff. It would be a good way to compare members of the community with each other. You can also see where you are ranked in the world and in your region i believe.

As long as we dont tell gary about this, it shouldn't have to be an ego boosting contest. 🙄

What do you think?

I need to add everyone to it by their battlenet urls.

Give me a shout if you want me to add you to the division, just need you to post your battlenet urls (log on to battlenet and go to the starcraft 2 community bit)

I will add every community member on my friends list to the division. If you DO NOT wish to be included, let me know and i can take you off.
