So start posting your games/strategies/games where you stomp a noob cheeser 🤔

I for once played a 3 man FFA with Substick, FL Zyrhorn (Don't remember your name D: ) and me as Popsi.

Game featurd alot of action mostly substick getting harassed by Zyrhorn and me behing super far behind and not getting attacked at all =D

I managed to win the game by my OP harass squads containing of 4 dark templars.

Notice that when I killed his 2 observers substick didn't have any more nor did he create one. So I won the game when I killed them 🤔

Also he said GG in teamspeak when I tped into his main with nexus and then he saw that it was only a little army so he took that back 🤔

Download the replay here: [www.sc2rep.com/replays/%28P%29Substick\\_v...FL%C7%82Zyrhon/19275](http://www.sc2rep.com/replays/%28P%29Substick_v...FL%C7%82Zyrhon/19275)

It doesn't show me in the information because I'm a boss

Also lets play a game!

Count how many times Substicks third expansion went down!

Brotemplar hitsquad timings : 31:20, 31:40, 33:30, 35:00, 35:18, 39:43, 44:40, 50:15, 50:58

Turn point for me: Substick loose 2 observers at 32:40

Drone battle :41:40
