I, [NOR] Assassin, want to join TWKgaming.com

My steam ID: STEAM_0:0:26148976

My reason for joining TWK: A looong time ago, I played at the WCS and the Zombie server. (As you see, longtime ago) Well I played a long time until I got my PS3. Some months later, I began playing again. And now recently I started playing again. I have been with the server along time, and I've gotten familiar with the rules. I've also had a talk with People like M3ntoz, Art and everyones favorite, Pooky.

I mostly play on the WCS server, but I sometimes go into the Gun Game server just to have fun.

I really hope that you will accept it. Like always, stay classic TWK!

Hello mate, thanks for the app and undoubtedly you'll be accepted as I also had the time and remember headshooting you a few times on the gg 😊
Not really recent, as I'm busy as hell with work.
