Steam Name: Gimp

Steam ID: STEAM\_0:1:8729474 10:43 96 0 active

Reasons for joining: love the twk servers and spend most of my css time on them, the twk minecraft server is fun too, and the community is great

edit- plus i thought it would be fun to add to the long ass flood of applications on the go 🙄

Servers where you play: twk- wcs and surf dm, also play random zombie servers when im in the mood or when a mix of wcs is annoying me and surf is empty is happening, oh and hide n seek server, such a lol
