Hello guys, i used to be in twk back a few months ago, i left for stupid reasons and u lot maybe remember me or not, i had great times hear making great friends with DJ dan, Pooky, Vapour, all the old lot 😊

I miss it all and i really do want to be a part of twk again, i am now fully active again due to now living with my dad basically, so i wanna prove that i can be active and that i can be a great friend to everyone here in tmf members and non members.

So i hope u read this and understand that im here and want to stay with only twk 😊

I also rejoined like 9 months ago or so. Vagon told me I never left TWK and he invited me to the twkgroup right away.
