Haya,

I have decided that i would like to join twk, Im deathkitten my real name being Amy. I have been playing css for a while, i use to play on lan with my partner (react) untill i decided to play online, i stated playing on deathmatch and then i thought id play on twk as I always thought it looked FUN!! I have been playing on TWK server for a couple of months now and i have really enjoyed playing on there, the people are great, I love the atmosphere on the server, I have made a few friends and i love getting up in the morning and playing on the server as people accept you, and also have helped me.

So im asking to join TWK.

My steam name is Deathkitten and my steam ID is STEAM\_0:1:20542591

Many thanks Guys! 😊
