You be surprised how many girls play on a minigames server 😊  
and then how many people decide to try and date them... You can guess how that ends 😊

Yeh i just met only 1 so far, tell a lie two i was playing on Gungame deathmatch and some french girl was raging cause i kept shooting her, thing is i didnt understand a word of it lol.

And yeah i can see how it could end, but some people are like &quot;OMG IS A GIRL, QUICK LETS SHOW OFF&quot; like they never seen a girl in there life its so funny. Then they just make a full of themselves.
