Steam Name: react

Steam ID: STEAM_0:1:11984530

Reasons for joining:

Hey guys, at the risk of being trolled, I've decided to post an application for twk 😊

most of you know me anyway and potentially some of you hate me, but hey no harm in asking right? 😊

so yeah as I said i've been a regular on the server for a long time now, I play almost every day, i'd consider myself one of the more active people on server.

So i'll keep it simple 😊
I like playing on the server, I like the community and everyone on it 😊

So, please vote for me (even if you don't like me 😊)

Servers where you play: Twk WCS (mailly) and occasionally Gungame DM
