Steam Name: Killswitch

Steam ID: STEAM\_0:0:25762095

Reasons for joining: Everyone who I have met on the servers are very friendly, very good laughs, and genuinely pleasant to be around. I've been getting to know members from the community as well as the other regulars on the server, and I will continue to enjoy the servers even if this is declined. 😊

Servers where you play: WCS Server, and I've been on GunGame once or twice as well.

Thanks for taking your time to read my application 😊

~ Killswitch.
