Tunes, I think you shouldn't approve people who can't follow simple instructions and use their brains, and only approve people that post in the right damn section. It annoys me slightly when you see Minecraft access requests scattered all over the forum

true 😏
any ye most of them are pretty stupid lol

They probably don't realise that there is a section and just press new thread, also it doesn't matter that much 😏
Whats more is that we are getting more players on our server 😏
