Hmm... I said something like that but you kinda are pulling on the wrong strings...

I said &quot;You have to be active ingame AND on the forums, that also includes being friendly and helpful.&quot;

And I must say.. even if you are all of those things.. that doesn't instantly make you a moderator, you have to be selected by the admins.. and if I'm honest I don't even think you are those things...

1. Your not even nearly as active as you need to be.. I've seen you once on the server in the past like 2 weeks.

2. I've never really seen you help people out...

3. You have 7 forum posts.. thats not even remotely active on the forums.

4. You come on the forums with what I'd consider a cocky attitude, we highly dislike cocky people.

So, if I'm going to be honest with you... I don't really think your becoming a moderator any time soon.

In my experience, nobody promoted above the rank of TWK-R ever asked for it, nor did they campaign for it.

Everything VooDoo and Postal said to be honest. And, there's an edit button on posts for a reason. It's to prevent triple posts -\_-
