

[Tutorial] Dummies guide to: Registering

Posted by VooDoo - 17 Feb 2013 00:23

Contents:

1. Introduction
2. Making an account
3. Getting Build Rights (Minecraft)
4. Summary

[1. Introduction]

Hello and Welcome to the TWK Gaming forums, this is the forums used by the community 'TWK Gaming', we are a friendly community that welcome all to join, to join simply follow this guide and enjoy your stay.

On this forum we post anything that we enjoy, anything that entertains us and anything we would like to share with the community (Obviously within reason...) The staff team like to keep an eye on the forums and are happy to answer and questions or queries that you may have, simply post them somewhere on the forums (The correct forum topics) or simply ask us in game and we will respond as soon as possible.

[2. How to make an account]

1. To create an account, go to: www.twkgaming.com/community.html
2. Click on the button like in this screenshot:
3. Enter your name, your desired username, a VALID email address and then a password (Not the same

as your minecraft password)

4. Enter some additional information, some is required, some is not required (The ones with (*) are required).

5. (OPTIONAL) To upload a profile picture to your account simply click the 'Upload' image as seen below and select an image to upload (READ THE FILE REQUIREMENTS)

Make sure to check your junk/spam folder for the activation emails.

[3. Registering your Minecraft account]

1. Go to: www.twkgaming.com/forum/200-general-disc...access-requests.html

2. Scroll down slightly to the bottom of the Original post and click this button:

3. Enter your request along with an introduction to yourself, make sure to include your minecraft username!!

[4. Summary]

Congratulations, you are now registered and have applied for build rights.

Enjoy your stay and enjoy the server.
