

## XBOX

Belive it or not, twk have some xbox players. This thread is for you!

Need someone to play with?

Teammates who actually support their team?

Would you like to have the overall superior chance to win matches?

Lets join forces.

Write up your Gamertag, or just add me &quot;Tollef&quot;. Thats Tollef with a zero instead of the letter &quot;O&quot; 🤔

If you add me, please send me a message saying &quot;twk community member&quot; or something like it.

Also we will not use the TWK clan tag for now. Not untill the issue has beed taken up with our &quot;bosses&quot;. (Note: if we are allowed, we will follow the rules on using the twk tag. We will not tolerate mic spam/harrasment or other greifing)

My hope: At first we will just be playing for fun. But if enough people are interested we can start on some ladders. As we know, xbox is a montage/commentary community (at least COD), and if we get people with recorders we can make community montages. Maybe we can reach a whole new target here and start recruting console gamers into the Twk community. Our motto will be: The more, the merrier 🤔

Any ideas/thoughts?

I think this is a fantastic idea and no worries on using the tag.

I don't own a XBox, but given my play on BOps on the PC I believe it's an excellent game and could be very good for clanning.

Anything we can do to support, just yell.

Will do eski.

But remember making a clan out of it will be a later project. First it's just to unite the twk xboxers so we can have a great time with real teammates, instead of random people that just play for themself.
