Please, post here your login name for whitelisting.

Rules are simple, build (its a free build server), and DON'T grief others work.

Offensive work (like penises and stuff) will be considered offensive (and childish), will be removed and user who created them banned forever (no 3 strike rule here)

Griefing also wins a permaban.

Misbehaving, guess what, permaban

I believe that covers it for rules, no into commands

Regular players can use:

/home

/sethome

/warp (abusing gets a kick)

/spawn (guess.. abuse and kick)

/mail (send and read)

/back (in case you die or tp to a stupid location)

/item

/heal

/tree

And guess that's all folks

I won't support economy, hey, its a free build server..

Please, be creative!

World renderings can be found at www.twkgaming.com/twkworld and they are not (yet) automatic nor realtime, they are rendered on a manual basis.

Now, have some fun!

And thanks redo97 😊

Hi.

My name is Stan, but my username is Aplasado. Redo97 is a near friend of my, and he has said that i'm very good at building things, but i have to be a little bit better in survival. But i think that he takes a little bit wrong, but thats me. I love to build "BIG" things, with good designs. If there is something you want to know, please send a message to me, or redo97. Please talk to redo if there is something you wonder about me, so secure the information.

If you come invited by Redo, you are my friend too 😊
, whilst and rights sorted out!

Hi 🙃

I'm wondering if I could get added to the Minecraft server whitelist 🙃
I could also get my friend to join who plays on the WCS server with me 🙃

I normally like playing survival but I do quite like making things and being able to stand back and look at how cool/pathetic it looks 🙃

My Minecraft username is Substick11

My friends username is nos455 but ill get him to post before you add him 🙃
so you can trust him a bit for XD
