Minecraft Access requests

_____

Please, post here your login name for whitelisting.

Rules are simple, build (its a free build server), and DON'T grief others work.

Ofensive work (like penises and stuff) will be considered offensive (and childish), will be removed and user who created them banned forever (no 3 strike rule here)

Griefing also wins a permban.

Misbehaving, guess what, permban

I believe that covers it for rules, no into commands

Regular players can use:

/home

/sethome

/warp (abusing gets a kick)

/spawn (guess.. abuse and kick)

/mail (send and read)

/back (in case you die or tp to a stupid location)

/item

/heal

/tree

And guess that's all folks

I won't support economy, hey, its a free build server..

Please, be creative!

World renderings can be found at www.twkgaming.com/twkworld and they are not (yet) automatic nor realtime, they are rendered on a manual basis.

Now, have some fun!

And thanks redo97 ☺

Hello mate, atm there is no exclusive creative server, there may be some changes about that soon, atm, I'm still busy with a private project and things are quite a bit delayed ☺

Also on that, creative may be bound to certain rules (xray is not a problem).

Cheers

Okay, thanks. Also, do you think I could be unbanned when the new server is finished? It has been almost a year now and I'm not an absolute retard anymore (I think). You can even keep a close eye on me and stuff if you want. Again, I understand if you say no.
