

## Minecraft Let's Play!

Posted by PeanutAlmighty - 03 Apr 2011 16:57

---

^ Me and a few mate made this, will be sure to plug TWK next time x)

The begining is good, drags on a bit though... I blame the editor x)

nice. i found loads a wolves on one of my single player saves. also, you have to give it more than one bone, though the amount of bones for each wolf is random. so you should try it again with a few bones, till hearts appear around it. 🐾
