

fly mod for the newcomers

Posted by Gimp - 05 Jun 2011 19:05

mac (our mod wins 🤨)

jst do what this guy says 🤨

and your crappy pc mod 🤨

emm, does anyone know the max speeds for the server so i can configure my zombe mod?

i put em up to full but it was SOOO fast and server kicked me cuz i was going so fast it thought i was hacking

so, what are the max speeds? (if anyone knows)
