

Did the server crash?

Posted by Johannicus - 18 Jun 2011 18:38

Just got back after eating dinner and 10 hours of building is all gone 😞

What happend?

/item 🏠
makes me forgive you 😊

But I hope the survival server wont be too public?

Like make it only accessable by whitelisted ppl and info to it is only on members area in the forums. But you prob thought about all that =)

Could you make your topic titles more specific next time please ?

I always jump up from me chair when i see server crash, and automaticly think it's related to css 🤔

Cheers

Pooky failed.

I have a new signature quote. ⇄
